

## Coverage

QSG's service areas include the Southeast US with headquarters in Cookeville, Tennessee and affiliate offices located in the Greater Detroit Area, Mexico and China for additional support.

## What Our Customers Say....

"Thanks a lot for your professional job." - Javier M

"The staff of Quality Service Group have always done an outstanding job. Very courteous and have provided excellent service to our customer when we could not be there. Rates for service are fair, they do not price gouge like many others." - Manny H

"Has always been reliable to provide fast and efficient quality services. I have always been able to rely on QSG and have been happy with the results of their work." - Sean G

"I consider QSG to be one of the best in the profession. They always have any information that may be needed about a job right there like their waiting on your call. I appreciate the attention that QSG gives to our accounts." - Jamie P

"Management was very professional in all of our transactions. QSG responded promptly and provided inspection services that met our customer's requirements every time!" - Connie W

"QSG always has an involved manager with excellent accountability and will go the extra mile to insure QSG meets all of the customer needs and provides the highest service possible" - Donnie R

**SORTING & INSPECTING**

Experienced Containment Management & Controlled Shipping (CS1 & CS2) verification inspection projects at all levels – Customer Site, QSG Off-site facilities, and the Manufacturer’s location and assist all parties involved with accurate and updated Data Collection Reports. Guaranteed Results.

- HOURLY RATES
- PIECE PRICE RATES

**REWORK**

Our Rework capabilities can further prevent additional delays to your customer by putting rejected material back into the system as good product.

**KITTING**

Quick turn-around times for kitting your product. We can receive your inventory, kit your assembly package, and fulfill your orders so you don’t have to.

*OUTSOURCING* this core function to avoid expensive overhead and operational costs! Kitting is ideal for media, hardware, mailers, and retail or service part items.

**SUB-COMPONENT ASSEMBLY**

Our FLEXIBLE subassembly services allow manufacturers to focus on making their core products while QSG handles your subassemblies, packaging, and shipping. Just drop-ship your individual raw components to us and we’ll handle the rest. An ideal service for overseas suppliers needing a full spectrum outsourcing service to assemble and ship directly to their customers.

**LOGISTICS**

- Warehousing
- Inventory Management
- Pickup / Delivery

**ENGINEERING SUPPORT**

**SUPPLIER REPRESENTATION**

**CUSTOMER RELATIONSHIPS**

- TRW Automotive
- Parker
- Magna
- Johnson & Johnson
- Ficosa
- ITW
- Acument Global
- Federal Mogul
- Represented Many Suppliers at GM, FORD, CHRYSLER, NISSAN, VW

**PACKAGING & FULFILLMENT**

**Auto-Poly Bagging**

QSG provides manual and auto poly bagging for all industries. Poly Bags are ideal for Kitting components together, Mailers, grocery and retail items, as well as hardware and garment items – an ideal and cost effective way to package your product!

**Blister Packaging**

An ideal way to promote your retail item viewable to customers by placing your product into a clear window shell and onto a colorful card that easily hangs from store peg hooks. QSG can provide a turn-key product including graphics design, blister/card packaging, and order fulfillment.

**Pick-N-Pack**

QSG can inventory your product and pick and pack your required ordered qty fulfilling your shipment needs when you need it. This is an ideal solution for on-line merchandisers looking for a full spectrum fulfillment solution to inventory management, order pick-n-pack, and shipping their product to their customers.

**Container Cross-Dock/Repackaging**

Our cross-docking service allows inbound containers to be consolidated, sorted, repackaged or stored for shipment. This service provides our customers with an economical means of centralizing their incoming material, processing, and outbound shipments to customers or sister facilities.
